Announcement of New President

Noile Immune Biotech, Inc. is pleased to announce the appointment of Koji Tamada, our scientific founder, as President & CEO of the Company effective 11th September, 2020. This appointment aims to strengthen the management organization system as the business progresses and expands, and all directors approved this personnel change at the Board of Directors meeting held on the same date.

We will continuously promote Research and Development, and advance our business so that we can deliver truly effective treatments to more cancer patients at the earliest possible date.
